Dear Mom & Dad,

Just a quick note to tell you I got your letter mailed 28 Aug. Hope you weren't too alarmed about my being on the Hymity. I don't expect any more waves while I'm aboard!

We got underway today after several days in Naples during which Vickie and I had a great time sightseeing and enjoying the beautiful weather. I'm glad to hear your headache has gone.

Our next stop is Tunisia and Vickie is planning to fly down with the Admiral's wife and some others to meet the ship in Tunis.

I have developed a craving for homemade chocolate chip cookies. Would you send me some? I mailed a tape this morning. Love, Jim
